VOLUME 2. MARYVILLE, MISSOURI, WEDNESDAY, JUNE 28, 1911 NO. 21.

AUBURN WON LAST

ERRORS AND HARD LUCK LOST THE GAME TUESDAY.

THE SCORE WAS 4 TO 0

Falls City and Clarinda Also Lost, the Former 5 to 4 and the Latter 1 to 0.

Auburn held a great big luck box in the calcimining of the Comets Tuesday 4 to 0. The locals played a bum fielding game, making six errors, and were out-hit nearly two to one, but even at that it was luck which brought in all but one of the visitors' scores, and this same luck cut off a probable two scores for the Comets.

Zonderman was twirling in grand style for the visitors, the Comet stickers getting to him only five times. He stayed the rest of the game, too, in a flashing manner, getting one run, a three-base hit, a putout and eight assists. Those eight assists were almost enough to get the Comets' goat. The heaviest local stickers repeatedly pushed a little easy one back to the pitcher for an easy out, and often at critical times.

Wise was not working his best, allowing six hits in as many innings, one of them a home run and one a three-bagger. Even then his pitching was not the kind to lose a game, with any kind of luck and support. Jans was put in the box in the seventh for his first tryout, and he delivered the goods in classy style. In his first inning errors put men on second and third with only one down, but Jans was as cool as a cucumber and shut the visitors out. He did the same trick in the eighth with the bases full, two men being caught coming home, one of these by Jans unassisted. The ninth rolled by with the visitors still unable to do anything with his delivery.

One lucky run was put across by the visitors in the third. Zonderman poled a three-bagger into left, but had cold feet when it came to scoring on Kranager's fly to DeCamp. He tried to come in on a miscue hit and run and was stopped some twenty feet off third base. Dietz threw to Wintz, but the ball hit Zonderman in the back and bounded where they weren't, Zonderman scoring.

L. Bright reached first on the first of Bulger's many boots, and stole second. Wise whiffed E. Bright and Primley.

In the Comet half Auburn shook her luck box again. Black singled, but a neat double from Zonderman to Brewer cut off both Wise and Black. Sackett held first on Free's error and Dietz slammed a two-bagger into right. Wintz then hit a screamer between short and third which looked safe, but Dietz couldn't get out of the way of the pill and was stung for the third out.

Jinx was still on the job in the sixth. E. Bright singled and scored when Wise hit the plate with the ball, bounding it over the stand. Dietz and Wintz both tried hard to get the ball and stop the runner at third, but it was of no use.

Primley then went to first on an error and scored on Brewer's home run into the right field ditch. Free and Dygert were whiffed and Musser was out at first, Sackett to Bacom.

Jans went in in the seventh and held the lid of the luck box down tight through the rest of the game.

Notes.

Bulger couldn't stop a thing. He felt so badly about it, though, the fans couldn't cuss or even roast him.

The ball seems to like to bound over the grandstand.

Auburn protested the game when Kissane called Kranager out for being hit with a batted ball. Do you suppose they really thought that the protest would stand?

The first two men up swung at the first four balls pitched by Jans and missed them just as far as they could. No one else touched him very hard. Three men on bases with nobody out didn't seem to bother him at all.

Primley seemed somewhat peeved when he struck out twice on top of the three chops of Monday's game.

No game being scheduled today, the Comets are spending their time fishing on the 102 river. The team will leave Thursday morning for Shenandoah for a series of three games.

LINEBAUGH CASE UP

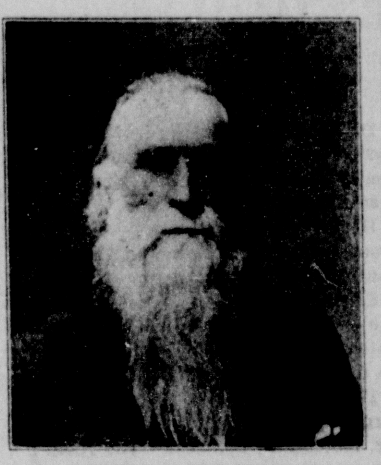
TRIAL OF SUIT INVOLVING $300,000 ESTATE COMMENCED.

WILL TAKE REST OF WEEK

Will Was Probated Last October and Left Most of Estate to Wife and Three Children.

The Linebaugh will contest case is being tried in circuit court today, and will probably continue for the rest of the week. The suit is brought by the heirs of Sarah Jane Birch, who was a daughter of the late Jacob Linebaugh, and who died last June, and the only heir of Frank Linebaugh, who was a brother of Jacob Linebaugh, Anna Rosetta Andrews. The suit is brought on the grounds of undue influence being brought to bear on Mr. Linebaugh when he made out his will, September 1, 1910, by his wife and his son, W. Jeff Linebaugh.

The Linebaugh estate is valued at $300,000. The will was probated in



JACOB LINEBAUGH,
Whose death occurred last October, and left an estate valued at $300,000.

probate court October 20 last, and since the estate was in litigation, the contest suit being on, Edward E. Williams was appointed administrator pendente lite.

The death of Jacob Linebaugh occurred last October, at the age of 82 years, and according to the terms of the will, it left nearly all the real and personal property to his widow and his three children, W. J. Linebaugh, Mrs. Julia Farrens and Mrs. Mary Etta Huls, excepting the seven heirs of his daughter, Sarah Jane Burch, who were to receive $500 each when the settlement of the estate was made, and to Anna Andrews, a niece, who was left $500 and nineteen and a half acres, which the plaintiff claims rightfully belongs to her.

The case is one of the most important ones that have been tried in circuit court, and will be a hotly contested one. Cook, Cummins & Dawson, assisted by B. R. Martin of St. Joseph, are the attorneys for the plaintiff, while Shinabargar, Blagg & Ellison, assisted by J. Woodson Peery of Albany, are the attorneys for the Linebaughs.

The jury in the case is composed of James Aldrich, Hugh McDonald, Peter Schaffer, Charles Dougherty, Andy Garnett, E. E. Corken, W. H. Chambers, Roxie Hocker, Charles Owens, C. A. Dodds and John Kennedy.

A recess was taken at noon until 3 o'clock that those interested might attend the funeral of the late E. J. Williams.

IS NOW A CITIZEN AFTER LIVING HERE 62 YEARS

(Kansas City Times.)

After living in America sixty-two years, in which time he had voted many times, held public office and been the principal of a city school, George C. Johnson of 812 Glen Airy place was in the United States circuit court this morning as an applicant for naturalization papers. One of the witnesses in court to testify to his good character was E. E. Aleshire, who once challenged Mr. Johnson's right to register as a voter, and thereby apprised him of the fact that he was not a citizen of the United States.

Under a new federal law the applicant was made a legal voter this morning without the formality of taking out "first papers."

Mr. Johnson was brought to this country from Ireland by his mother in 1849, when he was 5 years old. By the time he had grown to manhood he had become so thoroughly Americanized that it never occurred to him that he lacked any of the rights and privileges of nativity. He took an active interest in politics, voted at all elections, and became an educator. In 1880 he was a resident of Stanberry, Mo., where he held the position of principal of the first public grade school in that place, and afterward held public office there. At Stanberry he made the acquaintance of E. E. Aleshire, who, after more than a quarter of a century of friendship, was called upon to challenge Mr. Johnson's right to register as a legal voter in Kansas City.

The new-old citizen now is a fruit dealer and well to do. He expressed himself this morning as proud and pleased that he no longer was an alien in a foreign land.

BUSINESS COLLEGE ADDS DEPARTMENT

The Maryville Business college is adding a new department and a complete course of study for the coming year. The new department will be "auctioneering" in all its phases, including farm sales, merchandise, real estate and pedigreed stock. J. O. Bolin, who is now attending the Jones National School of Auctioneering, will be in charge. He has had ten years experience. The school of auctioneering will not be in session the entire year, but will be conducted in terms of six weeks' duration. The cost of the course will be $100 for six weeks.

The school of auctioneering will be conducted in what is now the Crystal theater. The theater will be remodeled and will make an ideal auction and lecture room. Illustrated lectures on fine stock, together with weekly trips to Nodaway county's leading stock farms will give the students ample opportunity in that direction, while the daily "fake" sales, together with practice in crying "real" sales will make them proficient in a very short time.

There are but few such schools in the United States, and the patronage of the school is expected to be largely national, although a good local enrollment is assured. The demand for auctioneers is steadily increasing, while the value of the course to farmers and stock raisers is worth many times its small cost.

Arrangements are being made for the students of this department to pursue a short course in farm bookkeeping without additional expense. The auctioneer in charge has had ten years experience and is now attending the largest auction school in the world to get thoroughly prepared for his work in September. The new catalogue will contain definite announcement.

KUCHS TO TAKE CHARGE OF EMPIRE

Albert Kuchs will assume charge of the Empire theater next Monday, as the lease of Wm. Burtz, who has been manager the past year, has expired. Mr. Kuchs intends to run moving picture shows, and to secure the best pictures possible.

Mrs. F. T. McPheren of Stanberry was in Maryville on business Tuesday, and also visited her daughter, Miss Myrtle McPherron, who is a State Normal student.

Miss Myrtle Goforth returned to her home in Barnard Tuesday evening from a two weeks' visit with the family of her cousin, W. E. Goforth.

A PIONEER'S STORY

16 TO 1 FIRST DISCOVERED IN A MARYVILLE BOARDING HOUSE.

TRIED OUT HERE IN 1866

Only Seven of the Sixteen Are Alive and the One Got Married the First Year.

That great speech that William J. Bryan made at Chicago in 1894, bearing the cross of goid and crown of thorns, in convention hall, which shook this whole nation as by an earthquake, is still fresh in the memory of all. That platform was "sixteen-to-one." It was carried through three unsuccessful presidential campaigns. Had they consulted us here at Maryville we could have told them that that would not work, for we tried that here at the old Morlan house, situated on the north side of the public square, in 1866, and before the year was out it was smashed into smithereens.

It was not by a convention, but more by an accident, I suppose, that it all came about, in this way: Sixteen young men were boarding at the Morlan house, namely, Samuel C. McCluskey, Nathaniel Sisson, Thomas H. Brown, James P. Crue, William E. Trueblood, Jacob Mashford, Stephen M. Redfield, James W. Myrick, Thomas McKee, Abraham Sowder, Joseph Pickering, Harvey T. Crane, J. W. Forbes, E. S. Simpson, H. H. Geiger and George W. Shoemaker, and one young lady, then Miss Sallie Crane—all living at the same place, and we called it 16 to 1.

As I said before, had the politicians in that Chicago convention consulted us, we could have told them that their efforts would be futile.

Soon afterward Miss Sallie Crane married Isaac N. Wray (they are now living in Pickering), then those sixteen young men began to scatter out and many of them got married. There are but six of that sixteen now left in Maryville—Samuel C. McCluskey, Nat Sisson, Stephen M. Redfield, Jacob M. Ashford, William E. Trueblood and Harvey T. Crane. So you see that 16 to 1 did not last long.

Only seven out of that sixteen are known to me to be living. Thomas McKee went back of Newcastle, Pa., married, and has since made that his residence. Thomas H. Brown married and lived in Maryville for a number of years, sold the house that he built for his residence to Walton C. Frank, then went to El Reno, Okla., and has since died.

James P. Crue, who was a partner with Thomas H. Brown in the real estate and abstract business, under the firm name of Brown & Crue. S. C. McCluskey taught school, was elected county school commissioner, and for a number of years run a dental office. Nat Sisson went to teaching school soon after his arrival here. He then engaged in the making of furniture with William Fignor on South Main street, about where Dick Hotchkin's notion store is. Tignor had formerly kept his furniture store east of John Herren's, on East First street. Sisson was for quite a while bridge commissioner. He afterward went into the real estate business with A. P. Morehouse, under the firm name of Morehouse & Sisson. After the dissolution of the firm of Morehouse & Sisson the business has and is now known as the firm of Sisson & Son.

Abraham Sowder and A. C. Votaw formed a partnership in the confectionery business in a little frame building about where Ed Orear's drug store now is, and were doing a fine business. So one day Abe concluded that his flourishing business would justify him in making a trip back to his old home in Indiana. On his return he discovered that his business had changed hands. Votaw had sold the whole thing, crammed the money down in his jeans pocket and decamped for the west. Abe said afterward that he never knew before that a man could administer on another's estate while he was still living. If there be any doubt as to the credibility of this assertion, ask Stephen M. Redfield or Jacob M. Ashford.

Next week I will continue this story, after which I will describe the Morlan house and tell of its owners.

POLITICAL NOTES.

(By Democratic Publicity Bureau.)

We suppose the agitation of the Canadian recopricity treaty is responsible for the drought. There is just as much sense in a statement of this kind as there is in the charge that the proposed pact is responsible for the hard times that were already coming upon the country before the election of 1910.

* * *

Judge Marshall made a report of the status of the election contest cases to the state committee Tuesday. The judge said there was abundance of technical errors committed in the election in St. Louis last November to give the contest to the Democrats, but that they did not desire to win it in that way. The judge stated that he had found 2,840 aliens who registered and voted the Republican ticket who were not entitled to vote on the face of the books. He estimated that 3,780 negroes had also illegally voted, 99 per cent of them voting the Republican ticket. By testimony he expects to show the court that more than 6,000 illegal votes were cast in St. Louis for the Republican ticket, thus electing the entire Democratic state ticket.

* * *

"I am the state"—this is Governor Hadley's attitude toward Missouri. He bosses the supreme court, tries to make the state officers obey his will, and holds the whole works, the governor is monarch of all he surveys. But wait until the people get an opportunity to puncture this inflated bladder from Kansas!

* * *

Governor Hadley has issued an edict to the police of St. Louis that in the future they shall salute his royal nibs whenever he "hoves in sight." It seems that some mere man in policeman's uniform has failed to kow-tow to King Herbert and his dignity has suffered thereby. Wonder if the governor ever heard of Gesler's ukase and William Tell's refusal to obey it.

NEW VARIETY STORE TO HAVE REST ROOM

D. E. Hotchkin will open his new variety store Saturday in the room recently vacated by Raines Bros., jewelers.

He is moving his stock this week from the Moss building, in the block south of his new store.

Saturday will be his opening day for the new store. Every lady who calls will receive a souvenir and there will be music all afternoon and evening.

The new location has been enlarged and remodeled especially for Mr. Hotchkin's business. The room is 132 feet long and 22 feet wide.

At the back of the store is a rest room that will be fitted with rockers, library table, chairs and lounge, for the use and convenience of the customers of this store.

The whole building is fitted for steam heating in cold weather.

The entrance to the store is on a level with the street. At the left side of the entrance will be a 10-foot glass case of candies. On the right of the entrance the post cards will be kept. All the counters and show cases are of uniform height and are finished in cherry, to correspond with the woodwork of the store room. The steel ceiling is finished in white and the walls in buff, making a fine light room.

The business office, 6x10½ feet in size, will be stationed behind a neat railing at the end of the candy case, on the south side. The entire south wall shelves will be used for china and queensware. The north wall shelves will contain books, stationery and other notions.

An aisle four feet wide will lead between the counters and tables on the north side, the full length of the store. All the tables will be placed crosswise, thus allowing for better inspection of the goods.

Hotchkin's New Variety store will be one of the best arranged and most convenient business places in town, and will be one of the most attractive and popular, as well, we predict, as large crowds can be accommodated easily.

REBUILD CAPITOL AT ONCE.

The burning of the state capitol February 5 created an emergency which the legislature recognized. Acting under the constitution of the state, provisions were made for a special election to be held August 1 to meet this emergency by providing funds to rebuild the capitol at once. Public-spirited citizens all over Missouri are rallying to the support of the plan submitted by the legislature. Missourians generally have pride enough in the state to want to see a splendid new capitol building erected without needless delay, and it is very gratifying to know that the $3,500,000 proposition is meeting with great favor at the hands of the people in every section of Missouri.

AN APPEAL TO STATE PRIDE.

The $3,500,000 proposition for rebuilding the state capitol, to be voted on August 1, appeals to the pride of every loyal Missourian, as well as to his sense of economy and his idea of using dispatch in transacting business. The capitol question is going to be settled right and for all time August 1.

National Stock Yards, Ill., June 27.—Cattle receipts, 6,500. Trade active and strong to 10c higher for all good fed stuff. Best steers on sale, $6.35. They could have been better. Prime butcher heifers around $6.40. Compared with a week ago, fair to medium grades remain steady to a shade lower; good to choice cattle strong to 10c higher. Outlook continues favorable for good grades; weak on others.

Hog receipts, 4,000. Market opened 5c higher; top selling up to $6.62½. Buyers grew rather bearish before the close and forced a decline of 10c from the early prices. General outlook strong on good hogs, but we are getting too many half-fat light pigs.

Sheep receipts, 8,500. Market for good lambs 15@20c higher; top natives, $6.85; cull lambs largely around 4c. Good sheep, $3.00@3.25; bucks, $2.25@2.50. We look for a little reaction toward better prices for good stuff, but advise keeping half-fat kinds at home. There is little or no demand for them here.

HOT WEATHER.

(Emporia Gazette.)

It is hard to be an optimist when the weather is dished up smoking hot, day after day. One may have a praiseworthy determination to be a Sunny Jim in spite of everything, but, unless constantly on his guard, he will find himself saying things that would be rejected by the editor of a Sunday school paper.

The worst thing about hot weather is that you can't sleep well at night, unless you are young. All things are possible to the young. If you are stricken in years you look forward to the night hours with gloomy foreboding. For when you retire the real agony begins. You toss and kick around, and chew the pillow, and knock all the bedclothes galley west, and strike at invisible mosquitoes, and bump your head against the wall, and after a great deal of this sort of business you finally fall into a troubled sleep, and dream that you are being run through a corn sheller feet first.

After you have slept an hour or two you wake up cold. The temperature has fallen about a hundred degrees. You reach around for the all-fired bedclothes and can't find them, since they have been kicked to all corners of the room. Then you have to get up and turn on the light to find the quilts and sheets and things, and in doing this you are reasonably sure to fall over a chair and break your leg against some other piece of furniture. By this time it is 5 o'clock, and when you have settled yourself on your couch for some real slumber, a dog in the back yard begins to express its sentiments so that it can be heard five miles away. When you have chased the dog away, with sundry well-aimed bricks, the roosters begin their morning serenade, and then you give it up, and go out and sprinkle the lawn.

After all this painful experience you come down town feeling like Jonah after he escaped from the whale, and it is hard to wear a sunny smile, and go around telling your friends that everything is right side up with care.

Yet the effort is worth while.

It always is worth while to be cheerful and good-natured, even if you feel the other way, because of the influence you have upon others.

FAIL TO FIX TIME FOR VOTE

Penrose Tries in Vain to Set Date on Reciprocity.

SENATE IS CAUGHT NAPPING.

Opponents of Reciprocity Allow Measure to Be Reported From Committee of Whole, but Consent Secured to Put Bill Back to Former Status.

Washington, June 28.—The tension that exists over the reciprocity measure was emphasized by incidents that occurred in the confused proceedings of the senate. The session began with an unsuccessful attempt by Chairman Penrose of the finance committee to secure an agreement for a vote on reciprocity July 24, on the wool bill July 26, and free list bill July 28. Friends of reciprocity will insist upon coupling all three measures in any agreement to vote.

After refusing to permit such an arrangement, the opponents of the reciprocity bill allowed that measure to advance one important parliamentary step before they realized what had happened. For a quarter of an hour the senate was in executive session. At its conclusion, no one being ready to speak on the measure, and following the parliamentary custom of that body, Vice President Sherman announced that the bill would be reported from the committee of the whole to the senate.

The bill actually passed through all the stages of being reported to the senate before members realized what was going on. While under consideration in the committee of the whole the measure could be amended, but could not be voted upon. In the senate it could be brought to a final vote at any time. Senators Nelson, Bristow, Clapp and Bailey joined in the protest that arose when it was found what had happened to the bill.

At First Objected.

At first Senator Penrose objected to having the measure reinstated in the committee of the whole. He said the senate had shown no disposition to hurry in its consideration and had rejected his proposal for a definite time for a vote on the measure. He, therefore, thought no backward step should be taken.

Friends of the bill on the Democratic side, however, led by Senators Stone and Bacon, said the senate had evidently been off its guard and had permitted the bill to be advanced unintentionally. Senator Penrose finally consented to having it restored to its former status.

The feeling that developed over this incident was not so marked, however, as that which greeted Senator Penrose's attempt to fix a time for the vote on the bills. Insurgents objected to any definite date for the reciprocity vote, and the finance committee was extricated from the embarrassing position of having the other votes determined by an objection from Smoot.

Several Democrats and insurgents would have welcomed the fixing of the other two dates so that the tariff bill could be forced up to President Taft ahead of the reciprocity bill, and the latter held back as a means of forcing his signature to the others.

Will Be Renewed.

The Penrose request will be renewed from time to time and whenever conditions seem favorable. Ultimately the friends of reciprocity may consent to change the order, allowing the vote on the tariff bills to come first, but they will not do so at present, nor in taking this position will they consent for one to go through without the others. In this attitude they have the indorsement of the president, who has advised them in individual conferences that while he does not shrink from consideration of tariff measures at this time, he thinks that reciprocity should come first in the natural order.

Beachey Dares Falls of Niagara.

Niagara Falls, N. Y., June 28.—With the whir of his biplane motor drowned in the roar of the cataract and man and machine momentarily obscured in spray and mist, Lincoln Beachey, the California aviator, after circling above the falls, swooped beneath the arches of the upper steel bridge and down the gorge almost to the whirlpool. Rising again between the sides of the lower river, Beachey soared to the Canadian side, where he made a successful landing.

Boy Shoots Mother, Sister and Self.

Ottumwa, Ia., June 28.—Elsa Cramblit, nineteen years old, while demented, shot and killed his mother, fatally wounded his young sister and attempted suicide. Cramblit and the girl are expected to die. The tragedy occurred four miles south of Eddyville.

Find Priests's Body in Bathtub.

New York, June 28.—The body of a man, apparently a Roman Catholic priest, and believed to be the Rev. Timothy Sullivan of Fort Dodge, Ia., was found in an overflowing bathtub in an apartment of a hotel in Waverly Place.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Maryville Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Maryville. Follow the advice of a Maryville citizen and be cured yourself.

Mrs. A. Weidman, East Thompson street, Maryville, Mo., says: "I had terrible pains in my kidneys and was also bothered by the kidney secretions. The contraction of a cold or a change in the weather was sure to increase my suffering. I used every remedy that I thought would help me, but met with indifferent success. I had about despaired of ever finding relief, when I heard of Doan's Kidney Pills. I procured a box at Charles A. Love's drug store and found them to be especially adapted to my case. I was soon free from all aches and pains and my kidneys were restored to a normal condition. I have enjoyed excellent health since then and I know that my cure is a permanent one."

Fixes Prices for Agents.

The petition recites that prior to July, 1909, there were upwards of 20,000 corporations and individuals publishing and selling periodicals in free competition, but following the organization of the Periodical Clearing House in July, 1909, notices were sent to subscription agencies and agents "notifying them that they would have to sign the contract with the Periodical Clearing House if such agencies intended to conduct further business with the 'members' of said Periodical Clearing House."

The petition then recites that the Periodical Clearing House prepared a so called "official price list" of magazines and periodicals containing rules governing sales of subscriptions and the "publishers' wholesale price list."

Fines for Offenders.

The petition continues:

"The contracts force upon the agents and require them to sell all periodicals not listed in the aforesaid lists at the regular publication price without any reduction whatsoever. The publishers of many of the periodicals listed in said lists have been and are willing that the agencies shall sell their periodicals to the public at prices less than those fixed by the defendants in said price lists, but said agencies have been and are prevented by the aforesaid contracts from selling such subscriptions at less than the prices fixed by the defendants and set for in said lists."

It is alleged that the clearing house had a system of fines for offending agents.

BISHOP PARTRIDGE IS ENTHRONED

Episcopal Prelate From Japan Head of Kansas City Diocese.

CEREMONY IN GRACE CHURCH.

First Time in History of Church That Missionary Bishop Has Been Transferred Back to the Home Field. Long Service in Orient.

Kansas City, June 28.—In the presence of visiting bishops from half a dozen middle western dioceses, scores of clergy from other cities and a throng of members of his new flock, the Rt. Rev. Sidney C. Partridge, formerly bishop of Kyoto, Japan, was enthroned bishop of the Protestant Episcopal diocese of Kansas City in succession to the late Bishop E. R. Ratwill. The ceremony marked the first time in the history of the church in this country that a missionary bishop has been transferred back to the United States for enthronement.

Other bishops to take part in the impressive formal enthronement ceremony were: The Rt. Rev. C. P. Anderson of Chicago, bishop of Chicago; the Rt. Rev. Edward W. Osborne of Springfield, Ill., bishop of Springfield; the Rt. Rev. T. N. Morrison of Davenport, Ia., bishop of Iowa; the Rt. Rev. M. E. Fawcett of Quincy, Ill., bishop of Quincy; the Rt. Rev. Arthur W. Williams of Omaha, bishop of Nebraska, and the Rt. Rev. F. K. Brooke of Oklahoma City, bishop of Oklahoma. Governor Herbert S. Hadley of Missouri, Governor Walter R. Stubbs of Kansas, Mayor D. A. Brown of Kansas City, Mayor Clayton of St. Joseph, and the commissioners of Kansas City, Kan., were present as invited guests.

Ceremony in Grace Church.

The ceremony began with the celebration of the holy communion at the four Protestant Episcopal churches of the city at 7:30 a. m. The enthronement took place in Grace church at 10 o'clock, conducted by the Rev. J. Stewart Smith, rector of St. Mary's, this city, and president of the standing committee, assisted by the clerical members of that committee. Bishop Partridge was presented with the pastoral staff, the insignia of his office, having the shape of a crook, and conducted to the episcopal chair, which was draped in purple and surrounded by banked white flowers. Then came a solemn te deum, followed by the holy eucharist.

An address of welcome was delivered by Rev. Edward Henry Eckel, rector of Christ church, St. Joseph, and responded to by Bishop Partridge.

Long Service in Orient.

Bishop Partridge returns to America after serving his church for twenty-six years in the Orient. He was elected bishop of Kansas City March 9 last, after a close contest with Bishop Cameron Mann of South Dakota. He was notified of his election by cable and a few days later set sail for his native land. Bishop Partridge is fifty-four years old, hale in health and of almost athletic build and color. He is a native of New York. He was graduated from Yale college in 1880, and four years later from the Berkeley Divinity school. He became a minister in 1885 and went to Shanghai as a missionary the same year. He taught in St. John's college, Shanghai, and was chaplain of St. Mary's hall in that city until 1887, when he went as a missionary to Wu Chang. There he stayed until 1899. On Feb. 2, 1900, he was consecrated bishop of Kyoto, Japan.

Following the formal ceremony of enthronement, a luncheon at a local hotel was given by the clergy to the bishop and the visiting bishops and the diocesan clergy. At 6 o'clock a dinner was given to Bishop Partridge and the visiting bishops at the University club. This was followed by a public reception to the new bishop at the club.

MANY FACE HEAVY PENALTY

Federal Corporation Taxes Will Become Delinquent Friday.

Washington, June 28.—Three days remain in which corporations may pay their federal taxes. A heavy penalty will be assessed against all that have not paid when the treasury closes its doors on June 30.

While the government's estimated income from that source this year is $26,000,000, only $15,000,000 has been received. More than 260,000 concerns have made returns.

For the last week corporation tax payments have been coming in at the rate of about $1,000,000 a day.

REFUSES TO TESTIFY

Wife of Informer in McNamara Case Declines to Give Evidence.

Los Angeles, June 28.—When Mrs. Ortie McManigal was taken before the grand jury for the third time since she arrived from Chicago, two days ago, every effort was made to induce her to testify against John J. and James B. McNamara on the charges of murder in connection with the Los Angeles Times explosion.

Law was quoted to her and she was warned of her liability to be imprisoned for contempt or indicted and tried as an accomplice.

GRAY HAIR WILL MAKE YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will effect the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out and makes it beautiful.

Everybody Knows Something About Lumber Values

these days, but the homebuilder who listens to the cry of "wait until lumber is cheaper" is not apt to be any nearer his goal on his deathbed than he is today. The Government recommends TIMBER CONSERVATION and this alone is proof that lumber has a fixed value.

Our years of experience in buying and selling lumber lead us to advise our friends that NOW'S THE TIME TO BUILD. There's but one crop of timber for most of us. If you contemplate a new home we want to talk with you—we have all grades of lumber. The lowest quality starts at good and goes up. Give us a call and learn the facts about these lumber values.

VOLUME 2. MARYVILLE, MISSOURI, WEDNESDAY, JUNE 28, 1911 NO. 21.

AUBURN WON LAST

ERRORS AND HARD LUCK LOST THE GAME TUESDAY.

THE SCORE WAS 4 TO 0

Falls City and Clarinda Also Lost, the Former 5 to 4 and the Latter 1 to 0.

Auburn held a great big luck box in the calcimining of the Comets Tuesday 4 to 0. The locals played a bum fielding game, making six errors, and were out-hit nearly two to one, but even at that it was luck which brought in all but one of the visitors' scores, and this same luck cut off a probable two scores for the Comets.

Zonderman was twirling in grand style for the visitors, the Comet stickers getting to him only five times. He played the rest of the game, too, in a slashing manner, getting one run, a three-base hit, a putout and eight assists. Those eight assists were almost enough to get the Comets' goat. The heaviest local stickers repeatedly pushed a little easy one back to the pitcher for an easy out, and often at critical times.

Wise was not working his best, allowing six hits in as many innings, one of them a home run and one a three-bagger. Even then his pitching was not the kind to lose a game, with any kind of luck and support. Jans was put in the box in the seventh for his first tryout, and he delivered the goods in classy style. In his first inning errors put men on second and third with only one down, but Jans was as cool as a cucumber and shut the visitors out. He did the same trick in the eighth with the bases full, two men being caught coming home, one of these by Jans unassisted. The ninth rolled by with the visitors still unable to do anything with his delivery.

One lucky run was put across by the visitors in the third. Zonderman poled a three-bagger into left, but had cold feet when it came to scoring on Kranager's fly to DeCamp. He tried to come in on a miscue hit and run and was stopped some twenty feet off third base. Dietz threw to Wintz, but the ball hit Zonderman in the back and bounded where they weren't, Zonderman scoring.

L. Bright reached first on the first of Bulger's many boots, and stole second. Wise whiffed E. Bright and Primley.

In the Comet half Auburn shook her luck box again. Black singled, but a neat double from Zonderman to Brewer cut off both Wise and Black. Sackett held first on Free's error and Dietz slammed a two-bagger into right. Wintz then hit a screamer between short and third which looked safe, but Dietz couldn't get out of the way of the pill and was stung for the third out.

Jinx was still on the job in the sixth. E. Bright singled and scored when Wise hit the plate with the ball, bounding it over the stand. Dietz and Wintz both tried hard to get the ball and stop the runner at third, but it was of no use.

Primley then went to first on an error and scored on Brewer's home run into the right field ditch. Free and Dygert were whiffed and Musser was out at first, Sackett to Bacom.

Jans went in in the seventh and held the lid of the luck box down tight through the rest of the game.

Notes.

Bulger couldn't stop a thing. He felt so badly about it, though, the fans couldn't cuss or even roast him.

The ball seems to like to bound over the grandstand.

Auburn protested the game when Kissane called Kranager out for being hit with a batted ball. Do you suppose they really thought that the protest would stand?

The first two men up swung at the first four balls pitched by Jans and missed them just as far as they could. No one else touched him very hard. Three men on bases with nobody out didn't seem to bother him at all.

Primley seemed somewhat peeved when he struck out twice on top of the three chops of Monday's game.

No game being scheduled today, the Comets are spending their time fishing on the 102 river. The team will leave Thursday morning for Shenandoah for a series of three games.

LINEBAUGH CASE UP

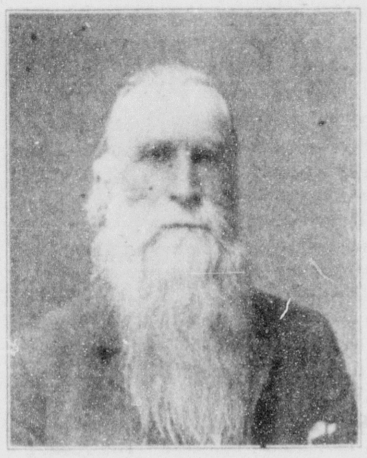
TRIAL OF SUIT INVOLVING $300,000 ESTATE COMMENCED.

WILL TAKE REST OF WEEK

Will Was Probated Last October and Left Most of Estate to Wife and Three Children.

The Linebaugh will contest case is being tried in circuit court today, and will probably continue for the rest of the week. The suit is brought by the heirs of Sarah Jane Birch, who was a daughter of the late Jacob Linebaugh, and who died last June, and the only heir of Frank Linebaugh, who was a brother of Jacob Linebaugh, Anna Rosetta Andrews. The suit is brought on the grounds of undue influence being brought to bear on Mr. Linebaugh when he made out his will, September 1, 1910, by his wife and his son, W. Jeff Linebaugh.

The Linebaugh estate is valued at $300,000. The will was probated in



JACOB LINEBAUGH,
Whose death occurred last October, and left an estate valued at $300,000.

probate court October 20 last, and since the estate was in litigation, the contest suit being on, Edward E. Williams was appointed administrator pendente lite.

The death of Jacob Linebaugh occurred last October, at the age of 82 years, and according to the terms of the will, it left nearly all the real and personal property to his widow and his three children, W. J. Linebaugh, Mrs. Julia Farrens and Mrs. Mary Etta Huls, excepting the seven heirs of his daughter, Sarah Jane Burch, who were to receive $500 each when the settlement of the estate was made, and to Anna Andrews, a niece, who was left $500 and nineteen and a half acres, which the plaintiff claims rightfully belongs to her.

The case is one of the most important ones that have been tried in circuit court, and will be a hotly contested one. Cook, Cummins & Dawson, assisted by B. R. Martin of St. Joseph, are the attorneys for the plaintiff, while Shinabargar, Blagg & Ellison, assisted by J. Woodson Peery of Albany, are the attorneys for the Linebaughs.

The jury in the case is composed of James Aldrich, Hugh McDonald, Peter Schaffer, Charles Dougherty, Andy Garnett, E. E. Corken, W. H. Chambers, Roxie Hocker, Charles Owens, C. A. Dodds and John Kennedy.

A recess was taken at noon until 3 o'clock that those interested might attend the funeral of the late E. J. Williams.

(Kansas City Times.)

After living in America sixty-two years, in which time he had voted many times, held public office and been the principal of a city school, George C. Johnson of 812 Glen Airy place was in the United States circuit court this morning as an applicant for naturalization papers. One of the witnesses in court to testify to his good character was E. E. Aleshire, who once challenged Mr. Johnson's right to register as a voter, and thereby apprised him of the fact that he was not a citizen of the United States.

Under a new federal law the applicant was made a legal voter this morning without the formality of taking out "first papers."

Mr. Johnson was brought to this country from Ireland by his mother in 1849, when he was 5 years old. By the time he had grown to manhood he had become so thoroughly Americanized that it never occurred to him that he lacked any of the rights and privileges of nativity. He took an active interest in politics, voted at all elections, and became an educator. In 1880 he was a resident of Stanberry, Mo., where he held the position of principal of the first public grade school in that place, and afterward held public office there. At Stanberry he made the acquaintance of E. E. Aleshire, who, after more than a quarter of a century of friendship, was called upon to challenge Mr. Johnson's right to register as a legal voter in Kansas City.

The new-old citizen now is a fruit dealer and well to do. He expressed himself this morning as proud and pleased that he no longer was an alien in a foreign land.

BUSINESS COLLEGE ADDS DEPARTMENT

The Maryville Business college is adding a new department and a complete course of study for the coming year. The new department will be "auctioneering" in all its phases, including farm sales, merchandise, real estate and pedigreed stock. J. O. Bolin, who is now attending the Jones National School of Auctioneering, will be in charge. He has had ten years experience. The school of auctioneering will not be in session the entire year,, but will be conducted in terms of six weeks' duration. The cost of the course will be $100 for six weeks.

The school of auctioneering will be conducted in what is now the Crystal theater. The theater will be remodeled and will make an ideal auction and lecture room. Illustrated lectures on fine stock, together with weekly trips to Nodaway county's leading stock farms will give the students ample opportunity in that direction, while the daily "fake" sales, together with practice in crying "real" sales will make them proficient in a very short time.

There are but few such schools in the United States, and the patronage of the school is expected to be largely national, although a good local enrollment is assured. The demand for auctioneers is steadily increasing, while the value of the course to farmers and stock raisers is worth many times its small cost.

Arrangements are being made for the students of this department to pursue a short course in farm bookkeeping without additional expense. The auctioneer in charge has had ten years experience and is now attending the largest auction school in the world to get thoroughly prepared for his work in September. The new catalogue will contain definite announcement.

KUCHS TO TAKE CHARGE OF EMPIRE

Albert Kuchs will assume charge of the Empire theater next Monday, as the lease of Wm. Burtz, who has been manager the past year, has expired. Mr. Kuchs intends to run moving picture shows, and to secure the best pictures possible.

Mrs. F. T. McPheren of Stanberry was in Maryville on business Tuesday, and also visited her daughter, Miss Myrtle McPherron, who is a State Normal student.

Miss Myrtle Goforth returned to her home in Barnard Tuesday evening from a two weeks' visit with the family of her cousin, W. E. Goforth.

A PIONEER'S STORY

16 TO 1 FIRST DISCOVERED IN A MARYVILLE BOARDING HOUSE.

TRIED OUT HERE IN 1866

Only Seven of the Sixteen Are Alive and the One Got Married the First Year.

That great speech that William J. Bryan made at Chicago in 1894, bearing the cross of goid and crown of thorns, in convention hall, which shook this whole nation as by an earthquake, is still fresh in the memory of all. That platform was "sixteen-to-one." It was carried through three unsuccessful presidential campaigns. Had they consulted us here at Maryville we could have told them that that would not work, for we tried that here at the old Morlan house, situated on the north side of the public square, in 1866, and before the year was out it was smashed into smithereens.

It was not by a convention, but more by an accident, I suppose, that it all came about, in this way: Sixteen young men were boarding at the Morlan house, namely, Samuel C. McCluskey, Nathaniel Sisson, Thomas H. Brown, James P. Crue, William E. Trueblood, Jacob Mashford, Stephen M. Redfield, James W. Myrick, Thomas McKee, Abraham Sowder, Joseph Pickering, Harvey T. Crane, J. W. Forbes, E. S. Simpson, H. H. Geiger and George W. Shoemaker, and one young lady, then Miss Sallie Crane—all living at the same place, and we called it 16 to 1.

As I said before, had the politicians in that Chicago convention consulted us, we could have told them that their efforts would be futile.

Soon afterward Miss Sallie Crane married Isaac N. Wray (they are now living in Pickering), then those sixteen young men began to scatter out and many of them got married. There are but six of that sixteen now left in Maryville—Samuel C. McCluskey, Nat Sisson, Stephen M. Redfield, Jacob M. Ashford, William E. Trueblood and Harvey T. Crane. So you see that 16 to 1 did not last long.

Only seven out of that sixteen are known to me to be living. Thomas McKee went back of Newcastle, Pa., married, and has since made that his residence. Thomas H. Brown married and lived in Maryville for a number of years, sold the house that he built for his residence to Walton C. Frank, then went to El Reno, Okla., and has since died.

James P. Crue, who was a partner with Thomas H. Brown in the real estate and abstract business, under the firm name of Brown & Crue. S. C. McCluskey taught school, was elected county school commissioner, and for a number of years run a dental office. Nat Sisson went to teaching school soon after his arrival here. He then engaged in the making of furniture with William Fignor on South Main street, about where Dick Hotchkin's notion store is. Tignor had formerly kept his furniture store east of John Herren's, on East First street. Sisson was for quite a while bridge commissioner. He afterward went into the real estate business with A. P. Morehouse, under the firm name of Morehouse & Sisson. After the dissolution of the firm of Morehouse & Sisson the business has and is now known as the firm of Sisson & Son.

Abraham Sowder and A. C. Votaw formed a partnership in the confectionery business in a little frame building about where Ed Orear's drug store now is, and were doing a fine business. So one day Abe concluded that his flourishing business would justify him in making a trip back to his old home in Indiana. On his return he discovered that his business had changed hands. Votaw had sold the whole thing, crammed the money down in his jeans pocket and decamped for the west. Abe said afterward that he never knew before that a man could administer on another's estate while he was still living. If there be any doubt as to the credibility of this assertion, ask Stephen M. Redfield or Jacob M. Ashford.

Next week I will continue this story, after which I will describe the Morlan house and tell of its owners.

POLITICAL NOTES.

(By Democratic Publicity Bureau.)

We suppose the agitation of the Canadian recopricity treaty is responsible for the drought. There is just as much sense in a statement of this kind as there is in the charge that the proposed pact is responsible for the hard times that were already coming upon the country before the election of 1910.

* * *

Judge Marshall made a report of the status of the election contest cases to the state committee Tuesday. The judge said there was abundance of technical errors committed in the election in St. Louis last November to give the contest to the Democrats, but that they did not desire to win it in that way. The judge stated that he had found 2,840 aliens who registered and voted the Republican ticket who were not entitled to vote on the face of the books. He estimated that 3,780 negroes had also illegally voted, 99 per cent of them voting the Republican ticket. By testimony he expects to show the court that more than 6,000 illegal votes were cast in St. Louis for the Republican ticket, thus electing the entire Democratic state ticket.

* * *

"I am the state"—this is Governor Hadley's attitude toward Missouri. He bosses the supreme court, tries to make the state officers obey his will, and holds the whole works, the governor is monarch of all he surveys. But wait until the people get an opportunity to puncture this inflated bladder from Kansas!

* * *

Governor Hadley has issued an edict to the police of St. Louis that in the future they shall salute his royal nibs whenever he "hoves in sight." It seems that some mere man in policeman's uniform has failed to kow-tow to King Herbert and his dignity has suffered thereby. Wonder if the governor ever heard of Gesler's ukase and William Tell's refusal to obey it.

NEW VARIETY STORE TO HAVE REST ROOM

D. E. Hotchkin will open his new variety store Saturday in the room recently vacated by Raines Bros., jewelers.

He is moving his stock this week from the Moss building, in the block south of his new store.

Saturday will be his opening day for the new store. Every lady who calls will receive a souvenir and there will be music all afternoon and evening.

The new location has been enlarged and remodeled especially for Mr. Hotchkin's business. The room is 132 feet long and 22 feet wide.

At the back of the store is a rest room that will be fitted with rockers, library table, chairs and lounge, for the use and convenience of the customers of this store.

The whole building is fitted for steam heating in cold weather.

The entrance to the store is on a level with the street. At the left side of the entrance will be a 10-foot glass case of candies. On the right of the entrance the post cards will be kept. All the counters and show cases are of uniform height and are finished in cherry, to correspond with the woodwork of the store room. The steel ceiling is finished in white and the walls in buff, making a fine light room.

The business office, 6x16½ feet in size, will be stationed behind a neat railing at the end of the candy case, on the south side. The entire south wall shelves will be used for china and queensware. The north wall shelves will contain books, stationery and other notions.

An aisle four feet wide will lead between the counters and tables on the north side, the full length of the store. All the tables will be placed crosswise, thus allowing for better inspection of the goods.

Hotchkin's New Variety store will be one of the best arranged and most convenient business places in town, and will be one of the most attractive and popular, as well, we predict, as large crowds can be accommodated easily.

REBUILD CAPITOL AT ONCE.

The burning of the state capitol February 5 created an emergency which the legislature recognized. Acting under the constitution of the state, provisions were made for a special election to be held August 1 to meet this emergency by providing funds to rebuild the capitol at once. Public-spirited citizens all over Missouri are rallying to the support of the plan submitted by the legislature. Missourians generally have pride enough in the state to want to see a splendid new capitol building erected without needless delay, and it is very gratifying to know that the $3,500,000 proposition is meeting with great favor at the hands of the people in every section of Missouri.

AN APPEAL TO STATE PRIDE.

The $3,500,000 proposition for rebuilding the state capitol, to be voted on August 1, appeals to the pride of every loyal Missourian, as well as to his sense of economy and his idea of using dispatch in transacting business. The capitol question is going to be settled right and for all time August 1.

HOT WEATHER.

(Emporia Gazette.)

It is hard to be an optimist when the weather is dished up smoking hot, day after day. One may have a praiseworthy determination to be a Sunny Jim in spite of everything, but, unless constantly on his guard, he will find himself saying things that would be rejected by the editor of a Sunday school paper.

The worst thing about hot weather is that you can't sleep well at night, unless you are young. All things are possible to the young. If you are stricken in years you look forward to the night hours with gloomy foreboding. For when you retire the real agony begins. You toss and kick around, and chew the pillow, and knock all the bedclothes galley west, and strike at invisible mosquitoes, and bump your head against the wall, and after a great deal of this sort of business you finally fall into a troubled sleep, and dream that you are being run through a corn sheller feet first.

After you have slept an hour or two you wake up cold. The temperature has fallen about a hundred degrees. You reach around for the all-fired bedclothes and can't find them, since they have been kicked to all corners of the room. Then you have to get up and turn on the light to find the quilts and sheets and things, and in doing this you are reasonably sure to fall over a chair and break your leg against some other piece of furniture. By this time it is 5 o'clock, and when you have settled yourself on your couch for some real slumber, a dog in the back yard begins to express its sentiments so that it can be heard five miles away. When you have chased the dog away, with sundry well-aimed bricks, the roosters begin their morning serenade, and then you give it up, and go out and sprinkle the lawn.

After all this painful experience you come down town feeling like Jonah after he escaped from the whale, and it is hard to wear a sunny smile, and go around telling your friends that everything is right side up with care.

Yet the effort is worth while.

It always is worth while to be cheerful and good-natured, even if you feel the other way, because of the influence you have upon others.

FAIL TO FIX TIME FOR VOTE

Penrose Tries in Vain to Set Date on Reciprocity.

SENATE IS CAUGHT NAPPING.

Opponents of Reciprocity Allow Measure to Be Reported From Committee of Whole, but Consent Secured to Put Bill Back to Former Status.

Washington, June 28.—The tension that exists over the reciprocity measure was emphasized by incidents that occurred in the confused proceedings of the senate. The session began with an unsuccessful attempt by Chairman Penrose of the finance committee to secure an agreement for a vote on reciprocity July 24, on the wool bill July 26, and free list bill July 28. Friends of reciprocity will insist upon coupling all three measures in any agreement to vote.

After refusing to permit such an arrangement, the opponents of the reciprocity bill allowed that measure to advance one important parliamentary step before they realized what had happened. For a quarter of an hour the senate was in executive session. At its conclusion, no one being ready to speak on the measure, and following the parliamentary custom of that body, Vice President Sherman announced that the bill would be reported from the committee of the whole to the senate.

The bill actually passed through all the stages of being reported to the senate before members realized what was going on. While under consideration in the committee of the whole the measure could be amended, but could not be voted upon. In the senate it could be brought to a final vote at any time. Senators Nelson, Bristow, Clapp and Bailey joined in the protest that arose when it was found what had happened to the bill.

At First Objected.

At first Senator Penrose objected to having the measure reinstated in the committee of the whole. He said the senate had shown no disposition to hurry in its consideration and had rejected his proposal for a definite time for a vote on the measure. He, therefore, thought no backward step should be taken.

Friends of the bill on the Democratic side, however, led by Senators Stone and Bacon, said the senate had evidently been off its guard and had permitted the bill to be advanced unintentionally. Senator Penrose finally consented to having it restored to its former status.

The feeling that developed over this incident was not so marked, however, as that which greeted Senator Penrose's attempt to fix a time for the vote on the bills. Insurgents objected to any definite date for the reciprocity vote, and the finance committee was extricated from the embarrassing position of having the other votes determined by an objection from Smoot.

Several Democrats and insurgents would have welcomed the fixing of the other two dates so that the tariff bill could be forced up to President Taft ahead of the reciprocity bill, and the latter held back as a means of forcing his signature to the others.

Will Be Renewed.

The Penrose request will be renewed from time to time and whenever conditions seem favorable. Ultimately the friends of reciprocity may consent to change the order, allowing the vote on the tariff bills to come first, but they will not do so at present, nor in taking this position will they consent for one to go through without the others. In this attitude they have the indorsement of the president, who has advised them in individual conferences that while he does not shrink from consideration of tariff measures at this time, he thinks that reciprocity should come first in the natural order.

Beachey Dares Falls of Niagara.

Niagara Falls, N. Y., June 28.—With the whir of his biplane motor drowned in the roar of the cataract and man and machine momentarily obscured in spray and mist, Lincoln Beachey, the California aviator, after circling above the falls, swooped beneath the arches of the upper steel bridge and down the gorge almost to the whirlpool. Rising again between the sides of the lower river, Beachey soared to the Canadian side, where he made a successful landing.

Boy Shoots Mother, Sister and Self.

Ottumwa, Ia., June 28.—Elsa Cramblit, nineteen years old, while demented, shot and killed his mother, fatally wounded his young sister and attempted suicide. Cramblit and the girl are expected to die. The tragedy occurred four miles south of Eddyville.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Maryville Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Maryville. Follow the advice of a Maryville citizen and be cured yourself.

Mrs. A. Weidman, East Thompson street, Maryville, Mo., says: "I had terrible pains in my kidneys and was also bothered by the kidney secretions. The contraction of a cold or a change in the weather was sure to increase my suffering. I used every remedy that I thought would help me, but met with indifferent success. I had about despaired of ever finding relief, when I heard of Doan's Kidney Pills. I procured a box at Charles A. Love's drug store and found them to be especially adapted to my case. I was soon free from all aches and pains and my kidneys were restored to a normal condition. I have enjoyed excellent health since then and I know that my cure is a permanent one."

MAGAZINE TRUST IS ATTACKED

Suit Filed in New York Against Periodical Clearing House.

ALLEGED ILLEGAL COMBINATION

Charges Fourteen Firms Fix Prices for All Magazines by Threats to Boycott Agents and Dealers—Dissolution Is Asked.

New York, June 28.—A civil suit was filed in the United States court for the dissolution of the Periodical Clearing House and about a score of other magazine defendants. The petition, filed by District Attorney Wise, alleges unlawful combination and conspiracy to restrain interstate trade and foreign commerce in magazine and other periodical publications.

The petition charges that the defendants since July, 1909, have been engaged in an illegal combination, a dissolution of which is asked for.

The proceeding in equity is against the Periodical Clearing House, Doubleday, Page & Co., Crowell Publishing company, S. S. McClure company, Current Literature Publishing company, Phillips Publishing company, Harper & Bros., Leslie-Judge company, Review of Reviews company, International Magazine company, New Publication company, Butterick Publishing company, Standard Fashion company, New Idea Publishing company, Ridgeway company, American Home Magazine company, Short Stories company, Frank N. Doubleday, Herbert S. Houston, Frederick L. Collins, Charles D. Lanier and George Von Utassy.

Fixes Prices for Agents.

The petition recites that prior to July, 1909, there were upwards of 20,000 corporations and individuals publishing and selling periodicals in free competition, but following the organization of the Periodical Clearing House in July, 1909, notices were sent to subscription agencies and agents "notifying them that they would have to sign the contract with the Periodical Clearing House if such agencies intended to conduct further business with the 'members' of said Periodical Clearing House."

The petition then recites that the Periodical Clearing House prepared a so called "official price list" of magazines and periodicals containing rules governing sales of subscriptions and the "publishers' wholesale price list."

Fines for Offenders.

The petition continues:

"The contracts force upon the agents and require them to sell all periodicals not listed in the aforesaid lists at the regular publication price without any reduction whatsoever. The publishers of many of the periodicals listed in said lists have been and are willing that the agencies shall sell their periodicals to the public at prices less than those fixed by the defendants in said price lists, but said agencies have been and are prevented by the aforesaid contracts from selling such subscriptions at less than the prices fixed by the defendants and set for in said lists."

It is alleged that the clearing house had a system of fines for offending agents.

BISHOP PARTRIDGE IS ENTHRONED

Episcopal Prelate From Japan Head of Kansas City Diocese.

CEREMONY IN GRACE CHURCH.

First Time in History of Church That Missionary Bishop Has Been Transferred Back to the Home Field. Long Service in Orient.

Kansas City, June 28.—In the presence of visiting bishops from half a dozen middle western dioceses, scores of clergy from other cities and a throng of members of his new flock, the Rt. Rev. Sidney C. Partridge, formerly bishop of Kyoto, Japan, was enthroned bishop of the Protestant Episcopal diocese of Kansas City in succession to the late Bishop E. R. Ratwill. The ceremony marked the first time in the history of the church in this country that a missionary bishop has been transferred back to the United States for enthronement.

Other bishops to take part in the impressive formal enthronement ceremony were: The Rt. Rev. C. P. Anderson of Chicago, bishop of Chicago; the Rt. Rev. Edward W. Osborne of Springfield, Ill., bishop of Springfield; the Rt. Rev. T. N. Morrison of Davenport, Ia., bishop of Iowa; the Rt. Rev. M. E. Fawcett of Quincy, Ill., bishop of Quincy; the Rt. Rev. Arthur W. Williams of Omaha, bishop of Nebraska, and the Rt. Rev. F. K. Brooke of Oklahoma City, bishop of Oklahoma. Governor Herbert S. Hadley of Missouri, Governor Walter R. Stubbs of Kansas, Mayor D. A. Brown of Kansas City, Mayor Clayton of St. Joseph, and the commissioners of Kansas City, Kan., were present as invited guests.

Ceremony in Grace Church.

The ceremony began with the celebration of the holy communion at the four Protestant Episcopal churches of the city at 7:30 a. m. The enthronement took place in Grace church at 10 o'clock, conducted by the Rev. J. Stewart Smith, rector of St. Mary's, this city, and president of the standing committee, assisted by the clerical members of that committee. Bishop Partridge was presented with the pastoral staff, the insignia of his office, having the shape of a crook, and conducted to the episcopal chair, which was draped in purple and surrounded by banked white flowers. Then came a solemn te deum, followed by the holy eucharist.

An address of welcome was delivered by Rev. Edward Henry Eckel, rector of Christ church, St. Joseph, and responded to by Bishop Partridge.

Long Service in Orient.

Bishop Partridge returns to America after serving his church for twenty-six years in the Orient. He was elected bishop of Kansas City March 9 last, after a close contest with Bishop Cameron Mann of South Dakota. He was notified of his election by cable and a few days later set sail for his native land. Bishop Partridge is fifty-four years old, hale in health and of almost athletic build and color. He is a native of New York. He was graduated from Yale college in 1880, and four years later from the Berkeley Divinity school. He became a minister in 1885 and went to Shanghai as a missionary the same year. He taught in St. John's college, Shanghai, and was chaplain of St. Mary's hall in that city until 1887, when he went as a missionary to Wu Chang. There he stayed until 1899. On Feb. 2, 1900, he was consecrated bishop of Kyoto, Japan.

Following the formal ceremony of enthronement, a luncheon at a local hotel was given by the clergy to the bishop and the visiting bishops and the diocesan clergy. At 6 o'clock a dinner was given to Bishop Partridge and the visiting bishops at the University club. This was followed by a public reception to the new bishop at the club.

GRAY HAIR WILL MAKE YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will effect the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out and makes it beautiful.

Everybody Knows Something About Lumber Values

these days, but the homebuilder who listens to the cry of "wait until lumber is cheaper" is not apt to be any nearer his goal on his deathbed than he is today. The Government recommends TIMBER CONSERVATION and this alone is proof that lumber has a fixed value.

Our years of experience in buying and selling lumber lead us to advise our friends that NOW'S THE TIME TO BUILD. There's but one crop of timber for most of us. If you contemplate a new home we want to talk with you—we have all grades of lumber. The lowest quality starts at good and goes up. Give us a call and learn the facts about these lumber values.
